

Design Your College Pennant

A popular way to show pride in your college is through a pennant. Pennants are flags in the shape of a triangle. They're often made of felt or soft, but stiff fabric. Colleges make pennants that represent their school by using the school's colors, including the school's name, and decorating the pennant with a motto or a mascot.

Imagine yourself in the year 2026...you're about to be a high school graduate! What are your plans? What are you most proud of from your high school career? Use these answers to inspire the design for your pennant!
