

See Where You've Been Accepted to College and What Financial Aid You May Receive with TN Direct Admissions!

TN DIRECT ADMISSIONS SIMPLIFIES THE PATH TO COLLEGE AND TECHNICAL TRAINING

Tennessee wants every graduating high school senior to know that in-state colleges and universities are eager to welcome them! Whether students are considering a four-year university, a two-year community college, or a Tennessee College of Applied Technology (TCAT), TN Direct Admissions offers a faster, clearer way to explore the state's many postsecondary opportunities.

With TN Direct Admissions, students and families don't have to wonder, "Will I get in?" or pay multiple application fees. Instead, they'll receive clear admission decisions and financial aid information from participating colleges—before they even apply.

In November, eligible Tennessee high school seniors from randomly selected schools in the Class of 2026 will receive a personalized letter from Tennessee Governor Bill Lee listing the colleges, universities, and TCATs that have offered them admission.

AT A GLANCE

TN Direct Admissions Pilot gives eligible high school seniors early admission to participating Tennessee colleges and universities—before they submit applications—helping students make early and informed choices about their future.

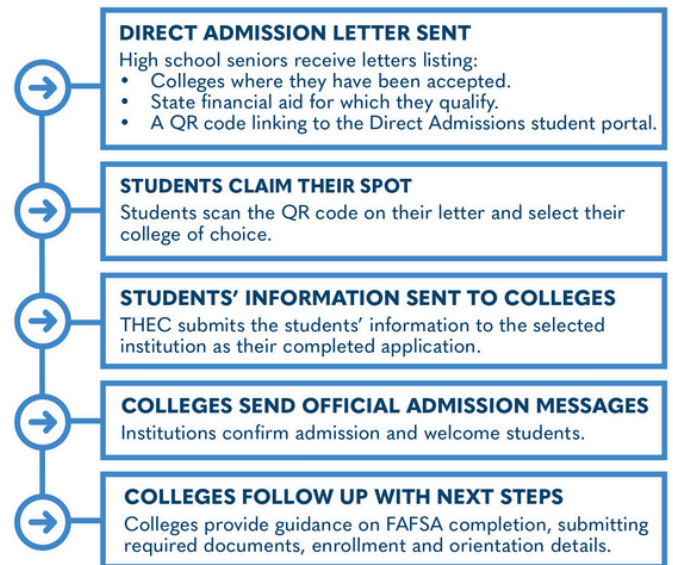

Participating Schools & Students

- **230 +** participating high schools (*randomly selected*)
- **57 in-state colleges and universities** – including TCATs, community colleges, and four-year public and private universities
- Approximately **41,000 eligible seniors** (Class of 2026) from selected high schools will receive personalized letters in November

How it Works

- Every eligible student will see admission offers from colleges, universities, and TCATs for the fall of 2026.
- A subset will also see financial aid estimates, allowing researchers to compare enrollment outcomes between groups that receive differing levels of information.

DID YOU KNOW?

Research shows that many students find the college application process overwhelming and may decide not to apply at all. **TN Direct Admissions** hopes to simplify that process—and improve access for students who might not otherwise consider college.
